Per-qubit comparison, k = 1 — Test: development qubits (left of 0 = Transformer better)
T1
vs Persistence (median -0.44)
vs Window mean (20) (median +0.01)
T2
vs Persistence (median -0.40)
vs Window mean (20) (median +0.02)
1q (sx) error
vs Persistence (median -0.21)
vs Window mean (20) (median -0.08)
Readout error
vs Persistence (median -0.33)
vs Window mean (20) (median +0.04)
CZ error (mean)
vs Persistence (median -0.20)
vs Window mean (20) (median -0.04)
